**NEW**

**QUICK  
GO STRAIGHT  
HOOK UP**

**This new Hook Up makes using the Go Straight much easier. John Hellette's new Quick Hook Up pad eliminates fastening the Go Straight to the sulky. This direct hook up to the pad allows a straighter hook-up for the Go Straight, allowing the Go straight to work better and to give more freedom of movement to your horse. Also you will not have to disconnect the Go Straight while in the Racing Paddock.**
