

# Protecto's

Two-Way Murphy Blind

NOW TWO STYLES

FASTEN BY TWO METHODS

Protecto's 2-in-1 Murphy is easy off, easy on, with an adjustable window. You no longer need to cut The Murphy to fit the horse that needs a Peek-A-Boo. You can use it with or without the window. The Velcro window is easy and quick to adjust. Now made with two ways to fasten, one with Alligator Clips or one with Velcro. Our Murphy also can be bent and shaped to customize to your horse's sight. It's the only Murphy that you will need.

**Nothing better on the market!**
