

Protecto's Rear End Spreader

**GREAT FOR PACERS
WHO CROSSFIRE**

ITEM # P - 83

“ I first used the Rear End Spreader on a filly trotter that put her left hind leg inside her left front leg. She could not train under 2:35. The first time I used the Rear End Spreader she trained in 2:27 and she went on to qualify in 1:58.2. This is a great product! ”

—Jim McDonald

**GREAT FOR WIDENING
TROTTERS BEHIND**
